

Curriculum Vitae

(C.V)

Name: Ahmed Elhodeiby
Nationality: Egyptian
Email: aelhodeiby@aol.de

Education:

2008 Ph.D. in Electrical power engineering - Zagazig University- Egypt.
2002 Master of Science in electrical power Engineering - Aachen University of Technology - Germany.
2002 - 2004 Engineering Economy master study at Aachen University of Technology – Germany.
1998 Bachelor degree in electronic and computer engineering - Higher Technological Institute 10th of Ramadan city.

Academic Experience:

05/2004 till now: Instructors at mechatronics department at Higher Technological Institute 10th of Ramadan city.
1998-2002: Research Assistant at Institute for electrical machines in Aachen University of Technology - Germany.

Research interests:

1. Design of Wind Solar Hybrid power system for Electricity generation
2. Design aspects of Electric vehicle
3. Design of wind power plants
4. Design of solar and energy storage system

Teaching interests:

The fundamental and advanced courses in electrical and control engineering with a special focus on:

1. Electric machines and control.
2. Programmable logic controller.
3. Wind and Solar Energy systems.
4. Electric vehicles
